

SELEÇÃO PÚBLICA MCTI/FINEP/FNDCT Cooperativo ICT– 08/2020- Soluções tecnológicas inovadoras para o desenvolvimento sustentável e o crescimento econômico do Brasil e da Alemanha em projetos de Bioeconomia

Resultado de Avaliação de Mérito – Etapa 2

| Edital 08/20 | Projeto | A - Qualidade Técnica da proposta e grau de inovação | | B - Qualificação do consórcio e gerenciamento do projeto | | | | | C - Resultados | | | Média | Etapa 3 | |
|-----------------|------------|--|---|--|---|---|---|--|--|---|---|-------|-----------|-------------|
| | | A.1) Grau de inovação e novidade do processo / produto / serviço | A.2) Metodologia a ser utilizada no desenvolvimento tecnológico | B.1) Qualificação técnica da equipe executora e experiência dos participantes do projeto em projetos de inovação | B.2) Adequação da Infraestrutura das Instituições Participantes para o desenvolvimento do projeto | B.3) Complementaridade entre parceiros em relação às fases do projeto | B.4) Benefícios advindos da cooperação entre participantes de ambos os países para o projeto cooperativo. | B.5) Qualidade do gerenciamento do projeto | C.1) Impacto na disseminação do conhecimento tecnológico envolvido | C.2) Valor agregado de cooperação internacional | C.3) Chances de sucesso e exploração comercial dos resultados | | | |

As propostas selecionadas nesta segunda etapa serão avaliadas por um comitê reunindo representantes das agências de fomento brasileira e alemãs. Somente na Etapa de Análise Conjunta do Comitê - que o comitê decidirá - de forma conjunta - quais as propostas estarão aptas a receber apoio pelas agências brasileira e alemãs com base nas notas obtidas pelas propostas em ambos os países e nos objetivos estratégicos de cooperação econômica, tecnológica e comercial estabelecidos em Acordo entre FZJ -Forschungszentrum Jülich GmbH, FNR -Fachagentur Nachwachsende Rohstoffe e a FINEP.
